Company Overview & Introduction

1.1 Company Overview

Reliance Care Services LLC (RCS), also known as "the Company," is dedicated to providing developmental disability care to citizens of New Jersey. Our Direct Support Professionals (DSPs) have received extensive training in delivering services in the state of New Jersey. Through social interaction, we give the people we assist the chance to develop the skills they need to become more self-sufficient. What sets RCS apart from other companies is our commitment to providing an inclusive social environment to the people we serve, together with family members and the community, on a frequent basis. We believe families are an important influence in providing social and emotional support by creating a safe environment, and that the community has a life-long developmental impact on the individual's growth and well-being.

1.2 Introduction

Whether you have just joined our staff or have been at RCS for a while, we are confident that you will find our company a dynamic and rewarding place in which to

work. We look forward to a productive and successful association. We consider the employees of RCS to be one of its most valuable resources. This handbook has been written to serve as a guide for the employer/employee relationship. This handbook contains general information and guidelines. It is not intended to be comprehensive or to address all possible applications of, or exceptions to, the general policies and procedures described. For questions concerning eligibility for a particular benefit or the applicability of a policy or practice, contact a Human Resources representative. Any errors or omissions within this document are unintentional and do not invalidate the manual as a whole. Neither this handbook nor any other company document confers any contractual right, either express or implied, to remain in the Company's employ. The procedures, practices, policies, and benefits described herein may be modified or discontinued from time to time. Changes will be communicated as they occur. Confidentiality Notice This handbook and the information it contains should be treated as confidential. No portion of this handbook should be disclosed to others, except employees and others affiliated with RCS whose knowledge of the information is required in the normal course of business.

1.3 Mission Statement

"At Reliance Care Services, our mission is to deliver exceptional, personalized care that enhances the quality of life for individuals and families. We are dedicated to fostering a supportive environment where clients feel valued, respected, and empowered. Our goal is to provide compassionate, professional, and reliable services that meet the unique needs of each individual we serve — through compassion, professionalism, and reliability."

1.4 Agency Philosophy & Core Values

RCS operates under the belief that individuals with intellectual and developmental disabilities are equal, full members of their communities, with the same rights, opportunities, and inherent dignity as any other person. Our work is guided by the following core values:

- Person-Centered Care — Support is always tailored to the individual, never one- size-fits-all.
- Dignity & Respect — Every person is treated with genuine kindness and consideration.
- Empowerment — We support individuals to make informed decisions and take meaningful control over their own lives.
- Integrity — We act with honesty, transparency, and accountability in everything we do.
- Community Inclusion — We actively support meaningful participation in community life.
- Excellence — We strive for the highest standards in care and professional practice.
- Cultural Competence — We value and respect the diverse backgrounds of every individual we serve.

SECTION 2

Employment Policies

2.1 Equal Employment Opportunity

Reliance Care Services provides equal opportunity in all employment practices to all qualified employees and applicants without regard to race, color, religion, gender, national origin, ancestry, marital status, age, sexual orientation, pregnancy, military status, disability due to a physical or mental challenge, domestic/civil union partnership, gender identity or expression, atypical hereditary cellular or blood trait, genetic information, or any other category protected by federal, state, and local laws.

This policy applies to all aspects of the employment relationship, including recruitment, hiring, compensation, promotion, transfer, disciplinary action, layoff, return from layoff, training, and social and recreational programs.

2.2 Individuals with Disabilities

RCS will not discriminate against qualified individuals with disabilities with regard to any aspect of their employment. RCS is committed to complying with the Americans with Disabilities Act of 1990 (ADA) and Section 504 of the Rehabilitation Act of

1973. RCS recognizes that some individuals with disabilities may require accommodation at work. If you are currently disabled or become disabled during your employment, contact your supervisor to discuss reasonable accommodations that may enable you to perform the essential functions of your job.

2.3 At-Will Employment

Employment at RCS is voluntarily entered into, and the employee is free to resign at will at any time, with or without cause. Similarly, RCS may terminate the employment relationship at will at any time, with or without notice or cause, so long as there is no violation of applicable federal, state, or local law. Policies outlined in this handbook are not intended to create a contract, nor are they to be construed to constitute contractual obligations of any kind. The provisions of the handbook have been developed at the discretion of management and, except for its policies of employment-at-will, may be amended or cancelled at any time at RCS's sole discretion. These provisions supersede all existing policies and practices and may not be amended or added to without the express written approval of the Chief Executive Officer.

2.4 Whistleblower Protection (NJ CEPA)

RCS will provide this written notice upon hire and post it at each location to advise employees of their rights and obligations under the New Jersey Conscientious Employee Protection Act ("CEPA"). CEPA makes it unlawful for an employer to retaliate — defined as discharge, suspension, demotion, or other adverse employment action — against any employee who:

1. Discloses, or threatens to disclose, to a supervisor or public body an activity,

policy, or practice of the employer that the employee reasonably believes is in violation of a law, rule, or regulation, or is fraudulent or criminal.

2. Provides information to, or testifies before, any public body conducting an investigation, hearing, or inquiry into any violation of law by the employer.
3. Objects to, or refuses to participate in, any activity, policy, or practice which the employee reasonably believes is in violation of a law, is fraudulent or criminal, or is incompatible with a clear mandate of public policy concerning public health, safety, or welfare. An employee may commence a civil action within one year of the prohibited conduct seeking remedies including injunction, reinstatement, compensatory and punitive damages, and attorney's fees. Important — CEPA Requirement To be protected by CEPA's public body disclosure provisions, the employee must first have brought the activity, policy, or practice to the attention of a supervisor in writing and afforded the Company a reasonable opportunity to correct it — unless the situation is an emergency or the employee reasonably fears physical harm. Questions regarding this notice or the Company's policy should be directed to Human Resources.

SECTION 3

Workplace Conduct

3.1 Harassment and Discrimination

It is the policy of RCS to prohibit harassment and other inappropriate conduct in employment on the basis of age, ancestry, color, creed (religion), physical or mental disability, genetic information, atypical hereditary cellular or blood trait, familial status, liability for military status, marital status, domestic/civil union partnership, nationality, national origin, race, sex, affectional or sexual orientation, gender identity or expression, or any other factor prohibited by applicable federal, state, or local law.

Harassment in employment is prohibited both in the workplace and off the premises, including at social activities conducted or sponsored by the Company. All personnel must comply with this policy. Violations will result in disciplinary action up to and including termination. Sexual Harassment includes unwelcome conduct such as sexual advances, requests for sexual favors, offensive touching, or other verbal or physical conduct of a sexual nature when it:

- Is made an explicit or implicit condition of employment;
- Is used as the basis for employment decisions;
- Unreasonably interferes with an individual's work performance; or
- Creates an intimidating, hostile, or offensive working environment.

Specifically prohibited sexual behaviors include: repeated sexual flirtation, advances or propositions; verbal abuse of a sexual nature; sexually related comments; graphic or degrading comments about an employee's appearance; displaying sexually suggestive objects or pictures; and any uninvited physical contact such as patting, pinching, or brushing against another's body. Other Unlawful Harassment may include verbal abuse, offensive remarks, ridicule, slurs, epithets, stereotyping, negative gossip, offensive jokes or gestures, threatening or hostile acts, and displaying or distributing offensive materials, writings, graffiti, or pictures. Reporting Procedure If you believe you have been the victim of workplace discrimination or harassment, report the alleged violation immediately to your direct supervisor, Human Resources, or any member of management. All complaints will be investigated thoroughly and promptly. The existence and nature of your complaint will be disclosed only to the extent necessary to conduct a thorough investigation. Retaliation against any individual who has complained about discrimination or harassment, or who has participated in an investigation, is unlawful and will not be tolerated.

3.2 Workplace Violence & State-Based Weapons Policy

Workplace violence is any act or threat of physical violence, harassment, intimidation, or other threatening disruptive behavior that occurs at the workplace. RCS is committed to promoting a safe environment free from violence, harassment, intimidation, and other disruptive behavior. RCS has zero tolerance for such behavior. Under no circumstances may an employee possess any form of weapon — including a firearm, knife, or explosive device — on their person or in their vehicle while on Company business. If an individual

has a permit to carry such a weapon, this policy supersedes that permit. Employees who become aware of the presence of a weapon must immediately report it to management. If management is unsuccessful in obtaining voluntary removal, law enforcement assistance will be sought. Employees at all levels are encouraged to report threatening or intimidating behavior to appropriate authorities in and outside RCS. Such reports will be promptly investigated and, if substantiated, remedied with appropriate disciplinary action.

3.3 Workplace Bullying

RCS is committed to creating and maintaining a workplace environment which fosters mutual respect, integrity, and professional conduct. The Company will not tolerate bullying in the workplace and will make every reasonable effort to prevent and eliminate conduct which falls within the scope of this policy. This policy applies to all activities on Company premises, in interpersonal and electronic communications, and in any employment-related duties or activities, including training sessions, meetings, and social functions. Examples of bullying behavior include but are not limited to:

- Verbal abuse such as yelling, shouting, swearing, or calling someone derogatory names
- Spreading malicious rumors or negative connotations
- Conduct that is threatening, humiliating, or intimidating
- Work interference such as sabotage or exploitation of a known psychological or physical vulnerability

- Targeting an individual through persistent unwarranted criticism or public ridicule Bullying does NOT include: normal supervisory responsibilities (performance reviews, direction, counseling, disciplinary action conducted respectfully); healthy conflict where diverse individuals speak candidly about matters of interest; mutually acceptable social interactions and jokes; or disagreements and miscommunications handled professionally and respectfully.

3.5 Off-Duty Conduct

New Jersey is an Employment-At-Will state. Employees who work in New Jersey have a legal duty of loyalty to their employers. Off-duty conduct that is contrary to the interests of the employer or that could expose the Company to liability will be subject to a prompt investigation. Based on the findings, appropriate disciplinary action will be taken, up to and including termination of employment. Sexual harassment claims involving an employee's conduct outside of the workplace become the employer's responsibility to ensure the potential victim is no longer exposed to that employee. Off-duty conduct also has the potential to harm the agency's reputation.

3.6 Workplace Fraternization Policy

This policy applies to employees regardless of gender, sexual orientation, or other protected characteristics. While RCS does not object to employee relationships, the workplace remains a professional setting. We expect employees to treat each other with respect and avoid hindering other people's work.

- Non-consensual relationships are explicitly prohibited.
- You are not required to report a relationship of less than two months as long as there is no workplace disruption. If your relationship lasts longer than two months, please inform HR.
- Keep personal issues and discussions out of the workplace.
- Directors, Managers, and Supervisors are strictly prohibited from dating team members or those who report to them, directly or indirectly. If a promotion creates this situation, either employee must inform HR immediately.
- If a relationship ends, maintain professionalism. Spreading negative gossip,

sabotaging work, or revealing intimate details is a code of conduct violation subject to disciplinary action.

SECTION 4

Workplace Safety

4.1 Safety Policy

RCS is committed to maintaining a safe and healthy workplace environment for all employees. Employees must comply with all safety rules and policies — including the rules and policies of clients when on client premises — and all requirements of OSHA, the Occupational Safety and Health Act. Observe the Company's safety rules in every phase of your work, with particular emphasis on health and hygiene requirements. You are required to participate in the safety effort of the Company by working safely and attending safety sessions when offered. Report all accidents, injuries, potential safety hazards, safety suggestions, and health and safety-related issues immediately to your manager. Employees will not be subject to reprisal or retaliation for reporting unsafe conditions to management or outside enforcement authorities. Hazard Communication Standard — Safety Data Sheets (SDS) RCS complies with the revised (2012) Hazard Communication Standard (HCS). All chemicals, including cleaning agents, must have an SDS sheet placed in a binder at their location so that immediate access to the information is available at all times. An employee will be assigned at each location to ensure compliance with maintaining the SDS binder.

4.2 COVID-19 Policy

To reduce the impact of COVID-19 and other infectious disease outbreaks on business, workers, clients, and the public, RCS follows CDC and OSHA guidelines in response to current public health guidance. RCS has created basic infection prevention measures that directly follow CDC and OSHA guidelines, including proper handwashing, respiratory etiquette, PPE usage, and office protocols. Please refer to the separate COVID-19 Policy and Procedures document for more detailed information.

4.3 Reporting Injuries

To ensure proper attention and appropriate action when a workplace injury occurs, employees must follow this process:

4. Report the injury to your supervisor immediately. If your supervisor is unavailable, report to another authorized person or Human Resources.
5. Seek or obtain medical attention if required. If treatment is necessary outside normal business hours, go to the nearest hospital emergency room.
6. Complete an incident report immediately following the occurrence. Any employee who witnesses an incident or injury must also complete and sign an incident report. Important Workers' Compensation laws require the processing of claims within reasonable timeframes. All injuries and accidents MUST be reported promptly for claim submission. Failure to report an accident in a timely manner may result in a delay or rejection of workers' compensation benefits.

4.4 Workers' Compensation

Should you suffer a work-related injury, you will be protected through the Company's workers' compensation insurance policy. This program is paid entirely by the Company and provides for payment of medical expenses and weekly compensation benefits for eligible claims. It is extremely important that you notify your supervisor immediately of any accident, no matter how slight. It is in everyone's best interest for an injured employee to return to work as soon as medically able.

SECTION 5

Employment Classification

5.1 Employee Classification

For purposes of record keeping, compensation, and benefits, all employees are designated as Exempt or Non-Exempt. Employees will be informed of their status at the time of hire and as a result of any change in position.

- Non-Exempt Employees: Hourly employees whose positions are subject to the provisions of the Fair Labor Standards Act (FLSA) and are included in the guidelines for overtime under that act.
- Exempt Employees: Those whose positions are exempt from the FLSA. These employees are salaried and are primarily in the executive, professional, technical, or administrative/supervisory categories. They are not subject to overtime compensation under the FLSA. All employees will also be assigned an employment status as follows: Status Hours Per Week Benefits Eligibility Full-Time 37.5 – 40 hours Eligible for all Company benefits (employees at 37.5 hrs are prorated for PTO/holiday pay) Part-Time More than 20 but less than Not eligible for all 37.5 hours Company benefits; eligible for PTO if a part-time employee works 150 hours for three consecutive four- week periods, they may alter status to full-time Per Diem No set schedule; hourly Not eligible for any basis benefits Each pay period, the employee will receive, along with wages, electronic access to a statement via Workforce showing wages paid, deductions made, and the net amount of payment.

5.2 Safe Harbor Policy for Exempt Employees

It is the Company's policy and practice to accurately compensate employees and to do so in compliance with all applicable state and federal laws. Employees classified as exempt salaried employees will receive a salary intended to compensate them

for all hours worked. This salary will not be subject to deductions for variations in the quantity or quality of work performed, except as permitted by federal and state law. Permissible salary deductions include: full-day absences for personal reasons; full- day absences for sickness or disability; full-day disciplinary suspensions for infractions of written policies; FMLA absences; offsets for jury or military pay; the first or last week of employment if the employee works less than a full week; and any full work week in which the employee performs no work. If you believe you have been subject to any improper deductions or your pay does not accurately reflect hours worked, immediately report the matter to Human Resources. Every report will be fully investigated and corrective action taken where appropriate.

5.3 Driver's License & Driving Record

Employees in positions where operation of a motor vehicle is an essential duty must present and maintain a valid, authorized New Jersey driver's license and an acceptable driving record. Changes in your driving

record — such as suspensions or a revoked license — must be reported to Human Resources immediately, prior to working the next shift or regularly scheduled workday. Violations of this policy may result in immediate termination of employment. All employees required or authorized to drive vehicles in the course of performing job duties must consent to a periodic review of their driving record.

5.4 Certification, Licensing & Other Requirements

Employees will be informed by Human Resources if there are any licensing, certifications, or testing requirements for their position. Failure to qualify for or maintain a certification or license may be sufficient cause for discharge. It is the employee's responsibility to maintain all required credentials and to provide Human Resources with updated documentation prior to any expiration date.

5.5 Company Vehicles

Employees who operate company vehicles are responsible for the safe operation and cleanliness of the vehicle. The following rules apply:

SECTION 6

Attendance & Scheduling

6.1 Your Attendance

The success of our company depends upon the cooperation and commitment of each member of our team. Your attendance and punctuality are extremely important. Your fellow employees must bear the burden of your absence. We recognize that there may be times when an absence cannot be avoided. In that event, notify your supervisor at least two (2) hours before you regularly report to work. Unless you have made other arrangements with your supervisor, you should call or text each day of your absence. Attendance — Critical Rules

- Failure to call in or text with an explanation for your absence will result in disciplinary action up to and including termination.
- An employee who fails to report in or call in for two (2) consecutive workdays will be considered to have voluntarily resigned.
- Frequent or unexplained tardiness is grounds for disciplinary action up to and

including termination.

6.2 Hours of Work & Overtime Policy

RCS's core business hours are 9:00 AM to 5:00 PM, Monday through Friday. These hours are subject to change and will be communicated to all staff. All employees, unless otherwise designated, will be assigned a scheduled work shift or schedule by their supervisor and are expected to work their assigned hours. Administrative employees will be scheduled to work normal business hours (9:00 AM to 5:00 PM). For overtime purposes, the workweek commences on Sunday at midnight and ends on Saturday at midnight. Non-Exempt employees are not permitted to commence work more than 7 minutes before their normal starting time or stop working later than 7 minutes after their normal quitting time without prior supervisor approval. All overtime must be approved by your immediate supervisor in advance. Non-Exempt employees who work more than 40 hours in any given week will be paid one and one-half (1.5x) times the regular rate of pay for overtime hours, in compliance with the Federal Fair Labor Standards Act and NJ Wage and Hour Law. Exempt employees are not entitled to additional pay for working hours beyond their normally scheduled hours.

6.3 Time & Attendance Record-Keeping

SECTION 7

Compensation & Payroll

7.1 Compensation

Pay Schedule Employees are paid WEEKLY, every Friday, for a total of 52 pay periods per year. Each paycheck includes earnings for all work performed through the end of the previous payroll period. The pay week starts at the beginning of the shift on Sunday and ends at the close of business on Saturday.

- If an employee elected direct deposit, pay will automatically be deposited to their designated bank account.
- Pay stubs are available electronically through Workforce.
- In the event that a regularly scheduled payday (Friday) falls on a holiday, employees will be notified of any change in pay date.
- If a regular payday falls during an employee's vacation, direct deposit will be

processed as normal. If a paycheck is lost or stolen, notify Human Resources immediately. RCS takes all reasonable steps to ensure paycheck accuracy; accuracy depends on the employee punching in and out of Workforce as a record of actual hours worked. In the event of a payroll error, bring the discrepancy to your supervisor's attention so the correction can be made as quickly as possible.

The law requires that applicable federal, state, and local income taxes, as well as Social Security taxes up to a specified limit, be deducted from wages earned.

7.2 Child Support Reporting Requirements

Federal and state laws require RCS to report basic information about new employees — including name, address, and Social Security number — to the State Directory of New Hires. This information is collected to enforce child support orders. If the state determines that an employee owes child support, RCS will be sent an order requiring withholding from the paycheck to pay child support obligations. RCS is required to comply with such orders as a matter of federal and state law.

7.3 Meal & Rest Breaks

New Jersey law does not require meal or rest breaks. However, it is Company policy to permit employees to take a meal break. The following schedules apply by employee type: Employee Type Meal Break Provision Paid / Unpaid Office / Administrative One hour break for 30 min paid / 30 min employees scheduled at unpaid least 8 hours; must be taken prior to 3:00 PM. Employees must punch out and back in. Staggered lunches required to maintain office coverage. All Employees 30 minutes or less with Paid as working time supervisory approval; must occur within the structure of the program during the shift. Personal Care Coordinate lunch within Company-paid time if 5 Assistants / Private the private duty setting hrs or less Duty Staff when working more than 5 hours. If working 5 hours or less, no deduction applies.

7.4 Personnel Records

- Name, Social Security Number, Address
- Home and/or Cell Telephone Number, Home Email
- Marital Status, Number of Dependents, Beneficiary
- Emergency Contact
- Motor Vehicle Identification/Registration
- Tax Deductions, Bank Information for Direct Deposit Employees may update most of the above information through the "Employee Self Service" option in Workforce. Certain information, such as direct deposit, requires contacting HR for assistance. Employees may request copies of documents in their personnel file by submitting a written request to Human Resources. Please allow 5 business days for the request to be processed.

7.5 Employment Eligibility Verification (I-9)

RCS will employ only those individuals who are authorized to work in the United States. In compliance with the Immigration Reform and Control Act of 1986, each new employee must complete Form I-9 and present valid documentation establishing identity and employment eligibility as a condition of employment.

7.6 Performance Evaluations

Employees will receive performance evaluations to formally document strengths and areas for development related to job performance.

- Reviews are conducted by the employee's immediate supervisor after the 90- day introductory period and annually thereafter.
- Direct Support Professionals will be given annual competencies included as part of their annual performance review.
- Completed performance reviews are maintained in the employee's personnel

file.

- Employees are encouraged to participate, speak freely about their job, goals, and performance, and may file a counter-statement if they believe a rating is unfair.
- The employee will be asked to sign the review to acknowledge receipt — signature does not imply agreement with the evaluation.
- An evaluation is not a contract or commitment to provide a salary adjustment, promotion, bonus, or continued employment.

8.3 Clinical Practices

Practicing ethics within the Corporate Compliance Plan (CCP) means honoring clients' rights and treating them with respect and dignity.

- Medical Records: Records must be complete, accurate, and up-to-date. Never change dates in a resident's records.
- Documentation: All care given to individuals must be recorded, progress documented, and all entries signed and dated.
- Releasing Individual Information: Information is confidential and must not be given to unauthorized persons without guardian approval.

- Required Reporting: It is every employee's responsibility to report any violations or breach of confidentiality.
- In any acquisition involving more than one company, office administrators must contact the CEO's office for verification and approval in all administrative affairs.

8.4 Office of Inspector General (OIG) Compliance Policy

It is the policy of RCS to check the Office of Inspector General (OIG) list of excluded individuals/entities. Upon hiring an employee and quarterly thereafter, the Human Resources Department will check employees on the OIG website. The Accounting Specialist will conduct OIG checks on all new vendors and contracted employees and quarterly thereafter.

8.5 Electronic Visit Verification (EVV) — HCBS Compliance

In compliance with the federal 21st Century Cures Act and NJ NJDDD requirements, all DSPs must:

- Clock in via the agency-approved EVV system at the start of every shift.
- Clock out at the end of every shift.
- Ensure clock-in/clock-out accurately reflects actual service times.
- Never clock in or out on behalf of another DSP — this constitutes fraud.
- Never falsify location data or service times.

EVV Non-Compliance Notice

Failure to comply with EVV requirements may result in claim denials, Medicaid billing violations, and potential fraud investigation. Repeated non-compliance will result in progressive disciplinary action up to and including termination.
